

National Survey Results

Q1 When you think of the term “longevity,” do you think of just living for a long time, living in good health for a long time, or something else?

Living for a long time 27%
Living in good health for a long time 61%
Something else 12%

Q2 Over the past century, average US lifespan has increased from roughly 55 in 1920 to over 80 years old today, due to advancements in medicine and technology over the last 100 years. Do you believe human lifespan should continue to increase if advancements in medicine and technology allow it to do so, or not?

Should continue to increase 71%
Should not continue to increase 14%
Not sure 15%

Q3 Have you heard about aging research or longevity treatments on media platforms, such as TV news, social media, news outlets or podcasts?

Yes 26%
No 56%
Not sure 17%

Q4 If you and your loved ones were to maintain good health, how long would you want to live: less than 80 years, 80 to 90 years, 90 to 100 years, or over 100 years?

Less than 80 years 11%
80 to 90 years 33%
90 to 100 years 29%
Over 100 years 19%
Not Sure 8%

Q5 Leading scientists have identified cellular aging as the root cause of many chronic, deadly diseases including cancer, Alzheimer’s or dementia, heart disease, stroke, diabetes, and others. Would you support or oppose medical research that seeks to treat the cellular aging process as a means to prevent or delay the onset of all of these diseases at once?

Support 70%
Oppose 9%
Not sure 22%

Q6 Considering that treating cellular aging has the potential to cure so many deadly, chronic diseases at once, do you believe increasing government funding for medical research to treat aging should be a priority for the US government, or not?

Should be a priority 52%
Should not be a priority 25%
Not sure 22%

Q7 If drugs and therapies that target aspects of aging were safe, affordable, effective, available to all, and caused no side effects, would you take them, or not?

Would take them 67%
Would not take them 16%
Not sure 17%

Q8 The Advanced Research Projects Agency for Health (ARPA-H) was created in March of 2022 to expedite the development of next-generation biomedicines. From the following list of choices, where do you think the U.S. government should focus their investments for medical research and development: infectious diseases, chronic diseases (such as cancer, Alzheimer’s, and heart disease), obesity, rare diseases, or something else?

<i>Infectious diseases</i>	13%
<i>Chronic diseases</i>	60%
<i>Obesity</i>	10%
<i>Rare diseases</i>	2%
<i>Something else / Not sure</i>	16%

Q9 Large figures and companies in the tech industry have begun to support the development of longevity medicine, including Jeff Bezos, Google, and Peter Thiel. Do you believe it is a positive or negative thing that wealthy individuals and companies have become involved with longevity medicine?

<i>Positive thing</i>	33%
<i>Negative thing</i>	35%
<i>Neither</i>	14%
<i>Not sure</i>	18%

Q10 Which of the following policy issues is the most important to you when deciding who to vote for: taxes, healthcare, national security, climate change, racial equity, or something else?

<i>Taxes</i>	10%
<i>Healthcare</i>	24%
<i>National security</i>	21%
<i>Climate change</i>	13%
<i>Racial equity</i>	6%
<i>Something else</i>	21%
<i>Not sure</i>	5%

Q11 In the 2020 election for President, did you vote for Republican Donald Trump, Democrat Joe Biden, someone else, or did you not vote in the election?

<i>Donald Trump</i>	44%
<i>Joe Biden</i>	48%
<i>Someone else / Did not vote</i>	8%

Q12 If you are female, press 1. If male, press 2. If other, press 3.

<i>Female</i>	52%
<i>Male</i>	46%
<i>Other</i>	1%

Q13 If you are a Democrat, press 1. If a Republican, press 2. If an independent, press 3. If a member of a third party, press 4.

<i>Democrat</i>	36%
<i>Republican</i>	35%
<i>Independent</i>	27%
<i>Member of a third party</i>	1%

Q14 If you are Hispanic or Latino, press 1. If white, press 2. If Asian, press 3. If African-American, press 4. If Native American, press 5. If other, press 6.

<i>Hispanic or Latino</i>	11%
<i>White</i>	68%
<i>Asian</i>	3%
<i>African-American</i>	12%
<i>Native American</i>	1%
<i>Other</i>	5%

Q15 If you are 18 to 25 years old, press 1. If 26 to 35, press 2. If 36 to 45, press 3. If 46 to 55, press 4. If 56 to 65, press 5. If 66 to 75, press 6. If 76 to 85, press 7. If older than 85, press 8.

18 to 25.....	6%
26 to 35.....	16%
36 to 45.....	18%
46 to 55.....	18%
56 to 65.....	19%
