

National Survey Results

Q1 When you think of the term “longevity,” do you think of just living for a long time, living in good health for a long time, or something else?

Think of “longevity” as just living for a long time 19%

Think of it as living in good health for a long time 67%

Think of it as something else 14%

Q2 Over the past century, average US lifespan has increased from roughly 55 in 1920 to over 80 years old today, due to advancements in medicine and technology over the last 100 years. Do you believe human lifespan should continue to increase if advancements in medicine and technology allow it to do so, or not?

Yes 73%

No 13%

Not sure 14%

Q3 Have you heard about aging research or longevity treatments on media platforms, such as TV news, social media, news outlets or podcasts?

Yes 26%

No 53%

Not sure 21%

Q4 If you and your loved ones were to maintain good health, how long would you want to live: less than 80 years, 80 to 90 years, 90 to 100 years, or over 100 years?

Less than 80 years 5%

80 to 90 years 30%

90 to 100 years 26%

Over 100 years 23%

Not sure 16%

Q5 Leading scientists have identified cellular aging as the root cause of many chronic, deadly diseases including cancer, Alzheimer’s or dementia, heart disease, stroke, diabetes, and others. Would you support or oppose medical research that seeks to treat the cellular aging process as a means to prevent or delay the onset of all of these diseases at once?

Support 68%

Oppose 5%

Not sure 27%

Q6 Considering that treating cellular aging has the potential to cure so many deadly, chronic diseases at once, do you believe increasing government funding for medical research to treat aging should be a priority for the US government, or not?

Yes 48%

No 26%

Not sure 25%

Q7 If drugs and therapies that target aspects of aging were safe, affordable, effective, available to all, and caused no side effects, would you take them, or not?

Yes 63%

No 14%

Not sure 23%

Q8 Which of the following things would you most like to see the government focus on: improving the health of all its citizens, combating climate change, fighting poverty, strengthening our national security, reducing the national debt, supporting Ukraine and other democracies, or something else?

<i>Improving the health of all its citizens</i>	20%
<i>Combating climate change</i>	17%
<i>Fighting poverty</i>	20%
<i>Strengthening our national security</i>	17%
<i>Reducing the national debt</i>	14%
<i>Supporting Ukraine and other democracies</i> ...	5%
<i>Something else / Not sure</i>	7%

Q9 The Advanced Research Projects Agency for Health (ARPA-H) was created in March of 2022 to expedite the development of next-generation biomedicines. From the following list of choices, where do you think the U.S. government should focus their investments for medical research and development: chronic diseases, infectious diseases, obesity, rare diseases, or something else?

<i>Chronic diseases</i>	45%
<i>Infectious diseases</i>	16%
<i>Obesity</i>	12%
<i>Rare diseases</i>	1%
<i>Something else / Not sure</i>	26%

Q10 In the 2020 election for President, did you vote for Republican Donald Trump, Democrat Joe Biden, someone else, or did you not vote in the election?

<i>Donald Trump</i>	44%
<i>Joe Biden</i>	48%
<i>Someone else / Did not vote</i>	8%

Q11 If you are female, press 1. If male, press 2. If other, press 3.

<i>Female</i>	52%
<i>Male</i>	46%
<i>Other</i>	2%

Q12 If you are a Democrat, press 1. If a Republican, press 2. If an independent, press 3. If a member of a third party, press 4.

<i>Democrat</i>	39%
<i>Republican</i>	31%
<i>Independent</i>	28%
<i>Member of a third party</i>	2%

Q13 If you are Hispanic or Latino, press 1. If white, press 2. If Asian, press 3. If African-American, press 4. If Native American, press 5. If other, press 6.

<i>Hispanic or Latino</i>	11%
<i>White</i>	68%
<i>Asian</i>	3%
<i>African-American</i>	12%
<i>Native American</i>	1%
<i>Other</i>	5%

Q14 If you are 18 to 25 years old, press 1. If 26 to 35, press 2. If 36 to 45, press 3. If 46 to 55, press 4. If 56 to 65, press 5. If 66 to 75, press 6. If 76 to 85, press 7. If older than 85, press 8.
